

PERFECT PROJECTORS FOR PERFECT PRESENTATIONS

The Epson EB-8H Series has everything you need to give a successful presentation. Providing great images and innovative features, they are easy to use and highly energy efficient.

Wide connectivity and new features

The Epson EB-8H Series provides many features to enhance the quality of your projection experience. These include microphone input and powerful integrated speaker for a large room; USB Direct connection, which allows you to plug in the new Epson Visualiser and project a source document or 3D objects directly, as well as normal projection from a PC onto a larger screen. And so that you can focus on your audience and your presentation, all of these features are accessible from the new remote control.

Capitalise on your network

You can remotely configure and operate the projector over your network with ease, thanks to EasyMP Monitor. For example, you can set an email alert to monitor lamp status, and have advanced notice of any problems that could disrupt your presentation. Thanks to its wide connectivity, mobility and easy, convenient features the Epson EB-8H Series is perfect for use in educational and corporate environments.

Our contribution to the environment

The Epson EB-8H Series is designed and produced in compliance with our environmental policy. Energy efficiency is achieved with a long lamp-life. Add in easy maintenance and the result is a low total cost of ownership which makes these projectors particularly attractive.

KEY FEATURES

- Minimises power consumption when not in use (timer functions, rapid power on/off)
- Reduces pollution: no paint used in production, 100% recyclable packaging
- Enjoys clear visibility in light rooms and save money thanks to the E TORL lamp - up to 6,000 hours lifetime in eco-mode
